### Experience

---

#### Senior Software Engineer

#### Cast Group

São Paulo - BR 11/2022 - Current

- I created and maintained self-help applications for internal users of a company using the latest technologies of **React**, **NextJS** and **Node** to save service time.
- Implementation of metrics using **grafana**.
- Creation of accessible applications and internationalization standards.
- Creating unit tests using **jest**.
- Continuous Integration/Deployment Pipeline Integration, pull requests, code reviews.
- Monitoring and training other developers.

#### Mid Software Engineer

#### Pague Menos Drug Store

Fortaleza, BR 08/2021 - 11/2022

- Led the development of applications and APIs for inventory control and automatic ordering of supplies directly to the manufacturer using the latest technologies of **Azure**, **C#**, **.NET**, **React** and **React Native**, generating huge time savings for employees and avoiding shortages of goods for customers.
- Maintenance of **procedures**, **triggers**, etc in **SQL Server**.
- Integration with EDI and using workers.
- Continuous Integration/Deployment Pipeline Integration, pull requests, code reviews.

#### Full Stack Developer

#### Tijuca Alimentos

Fortaleza, BR 09/2019 - 08/2021

- I created a WMS project for storage and inventory control of goods, generating great value for the company to know where each product is stored and collect it according to the oldest expiration date using **Javascript**, **SweetAlert** and **PHP**.
- Maintenance and creation of mobile sales applications using **React Native** and **PHP**.
- Continuous Integration/Deployment Pipeline Integration and maintenance using **Gitlab**.
- Backends in **PHP** and **NodeJS**, and Frontends in **ReactJS** and **React Native**.
- Systems integration using **Pentaho** and **workers**.
- Creating and maintenance of **procedures**, **triggers**, etc in **SQL Server**.
- Development of reports using **Power BI**.
- Building containers using **docker** and **docker compose**.

#### IT Technician

#### Tijuca Alimentos

Fortaleza, BR 06/2017 - 09/2019

- CCTV maintenance and installation.
- Network maintenance and installation.
- Assembly and maintenance of computers.
- Software installation and configuration.
- Training and systems implementation.

### Education

---

#### Analysis and Systems Development

#### Uninter

Fortaleza, BR 02/2017 - 07/2019

#### Developmental/Remedial English

#### Times Idiomas

Fortaleza, BR 09/2021 - 03/2023
